## and what have you

by BOB CRAIG

Elsewhere on this page is an opinion poll on State taxes. I hope all of our readers will fill out with a great deal of thought and mail to the address on the blank or better still, mail it to your representative. The poll is prepared by the Citizens for Fair Taxation, and can perform a good public service to those who fill it out take an honest look at the state financial situation and not just favor a tax that someone else will have to pay.

One thing to keep in mind is that all taxes, whether city, state or federal, come back down to the consumer in the end.

I read the other day where the city of Newburgh, New York, will in the future require that all able-bodied men on relief put in a 40-hour week or the city on civic projects.

They also are not going to pay any more relief checks for able-bodied adult males or other physically able recipients on relief who are capable of and available for private employment if they refuse to accept the honest jobs available to them.

As you can imagine, the state and federal do-gooders are giving Newburgh a rough time and will probably withhold the state and federal welfare funds.

This seems to be solution to a lot of the civic needs of the cities and states and at the same time give those on relief a chance to feel that they are earning their keep. Of course, those who are on relief because they don't want to work would not like the plan—but then I don't think the taxpayers owe them a living.

If those who are able, were to have their choice of working on civic projects for their relief checks or holding down a regular job there is not much question that our relief rolls would be quite a bit smaller.

Hamlin's rather controversial public housing program was approved by the Public Housing Administration this past week. These are often called "low-rent housing projects" but they should not be mistakenly called "low-cost housing" since the 20 units to be built in Hamlin will cost over \$13,000 apiece. Four of the 20 units will be one bedroom homes, four will be two bedroom homes and the rest will be three bedrooms.

Since these will be built on less expensive land and are duplex units this seems to be a rather high price to pay for homes that are being built by private builders for less.

But probably the extra cost comes from dealing with the red tape of the government which should be a good reason to stay away from federal aid to schools and other such giveaway programs.

I received a letter this week from a Teenage Philosopher signing himself J. S. and I am not sure which is the most confused of the two philosophers. I am running J. S.'s letter and just let the readers take their pick.

Dear Editor:

In a recent article advocating inefficiency, the Neinda Philosopher said that to him the difference between a two-row planter and a four-row planter was that he could cut his work time in half using the latter. This could only mean one thing—doing one-half the work I do he is entitled only to one-half the goods, products, and conveniences that others enjoy.

I have tried to visualize this all week; after working half a day, riding home in half a car, cooking on half a stove, eating on half a plate with half a fork, typing a newspaper article with half a typewriter, sitting in half a chair.

## SERVICES HELD MONDAY FOR LARRY WADE

Funeral services for Larry Wade, 17, son of Mr. and Mrs. R. D. Wade, were held Monday at 4 p.m. in the Church of Christ, of which he was a member. Herb Smith, minister, officiated.

Born August 12, 1943, in Pampa, Texas, he had lived in Hamlin for the past three and half years. He would have been a senior in Hamlin High School next fall.

He died at 7:25 a.m. Sunday at Baylor Hospital in Dallas where he had undergone heart surgery last week.

Wade was very interested in basketball and although he was unable to participate actively in the sport he was manager and official scorekeeper for the team two years. He was a member of the Library Club and his scholastic and attendance record was good despite his physical condition.

Burial was in the Hamlin East Cemetery under the direction of Hamlin Funeral Home.

Pallbearers were the basketball coach, Neil Laminack, and squad members, Mike Bond, Robert Brandon, Jerald McCannies, Cecil Robinson, Stanley Austin, Jerry Duncan and Lanny Ford.

Servicing besides his parents, are two brothers, R. A. of Abilene and David of the home.

## City Receiving Bids On Seal Coating

Bids are now being received at the City Hall for work in connection with seal coating and repaving some 15 or 20 blocks of paved streets in Hamlin.

According to Mayor John V. Howard Jr. the bids will be opened at the next meeting of the city council, which is scheduled for July 18.

Plans and specifications were submitted to the council by Freese, Nichols and Endress, Consulting Engineers of Fort Worth.

## City Youth Golf Tourney Set for Monday, July 10

The Woman's Golf Association will hold their annual City Youth Golf tournament July 10, with registration beginning at 8 a.m. Tee off time is set for 9 a.m.

Age brackets for both boys and girls will include 7-9; 10-12; 13-15; and 16-18.

Trophies will be awarded in each bracket for the winner runner up and a long distant ball.

The entry fee of \$1.50 will include lunch.

## JCs Meet Today

The Hamlin Jaycees will meet at noon today, (Thursday) for their regular weekly meeting. The club has changed its meeting time from Tuesday evening to Thursday noon. The meeting will be held at Bunnie's Drive Inn and anyone interested in joining the organization is invited to attend.

## SOCIAL SECURITY CHANGES IN NEW LAW GIVEN

Most of the Hamlin area residents who will directly benefit at this time from the Social Security Amendments signed into law by the President on June 30 do not need to write or contact their social security office, according to R. R. Tuley Jr., Abilene district manager for the Social Security Administration.

He has furnished the following summary:

**Automatic Changes:** Aged widows already receiving benefits on their late husband's accounts will get a 10 per cent increase in September, for August, 1961.

**Beneficiaries with no dependents:** who are receiving un-reduced benefits of less than \$40 will be raised to \$40 in September, for August.

**Women receiving reduced retirement benefits** because they started being paid before age 65, will get some increase if their basic rate, before reduction, was less than \$40.

**Persons in the above groups** do not need to take any action at this time.

**Non-Automatic Changes:** Men may now receive benefits at age 62; on retirement, as dependent husband, or dependent widower, or dependent parent. Men with continuing high earnings (over \$1200 per year) should check to see whether some payments would be possible despite such high earnings.

**Some persons whose claims** were denied before this month because they did not have enough credits under social security should make new inquiry. The minimum requirement of 1½ years of credits was not changed; however, for those who needed more than that many credits, the number was reduced from one-third of the time after 1950 and before age 62 for women and before age 65 for men. Men must have slightly more creditable time in the system than women.

**Persons in the last two groups** should write to the social security office in Abilene, giving their dates of birth and social security number. Arrangements will then be made to talk with them when a representative of the Abilene office is at or near their home towns.

## MYSTERY FARM OF THE WEEK

Whose farm is this? If you can identify the farm pictured above call or come by the Herald office. The first one identifying the farm will be given a free six months subscription to the Herald. The operator of the mystery farm will receive a beautiful mounted enlargement of the original photo, if he will call at the Herald office.

## PHILLIPS 66 CLOWNS TO BE HERE FOR OPEN HOUSE SAT.

The new Hamlin 66 Oil Company, located at the Harden Hotel building, will have a grand opening all day Saturday, according to C. R. Lovell, proprietor.

There will be clowns from the Phillips Petroleum Company in Amarillo to entertain the guests during the day. Free balloons will be given to the children and free gifts for the ladies. Six bottle cartons of Coca-Cola will be given with the purchase of each tank of gasoline.

Through the cooperation of Mrs. Hardin, the Phillips Com-

pany and Mr. Lovell, approximately \$3,000 has been spent in remodeling the building in order to give more complete and pleasant service. The station will feature all Phillips 66 products, such as Phillips 66 Flight Fuel and regular gas, along with diesel, tires, batteries and other accessories.

An added attraction of the station will be a Snack Bar where coffee, cold drinks, ice cream, packaged donuts and fried pies will be available for the convenience of customers.

Mike Miller of Abilene, district representative, and other officials of the Phillips Company will be on hand Saturday to assist with the open house activities.

## Jaycees Send Five To State Tennis Tournament

The Hamlin Jaycees will have five contestants in the State Junior Tennis Tournament to be held in San Antonio this week end.

Representing the Jaycees will be Jerry Price of Aspermont, 15-18 boy's singles and doubles; Dickie Hill of Aspermont, 15-18 boy's doubles; Sharon Leverette of Old Glory, 15-18 girl's doubles; Peggy Pringle, 15-18 girl's singles and doubles; and Ronnie Teichelman, 12-15 boy's singles.

Parents of the Old Glory girls will take them to San Antonio and Jaycees James Wright and Lanoard Bayouth will take the three boys down Thursday morning.

The contestants were winners in the tennis tourney held here earlier in the year.

## Monday Wins Softball Tourney

The Monday Firefighters dumped the Hamlin Jaycees, 14 to 1, Saturday night to win the Jaycee Softball Tourney held here Friday and Saturday.

The Hamlin Jaycees defeated Rotan, 15 to 5, and the Oil Mill team, 10 to 5, to work their way into the finals.

## Two Hamlin Girls Attend Assembly

Margaret Maberry and Lou Ann Hawkins attended the annual Senior Assembly of the Northwest Texas Conference of the Methodist Church on the campus of McMurry College, June 26-30.

The Methodist young people met daily in workshop and study groups, for organized fellowship, recreation, and worship during the week-long assembly. They resided in McMurry's dormitories and had their meals in the college dining hall.

Theme for the assembly was, "My Living Bible," and daily worship and study were built around the Bible theme.

Speaker for the assembly was the Rev. Bill Kent, former missionary to Bolivia and now associate pastor of St. Paul Methodist Church in Abilene.

Pfc. Joe Kraft, former resident of Hamlin, serving with the United States Marines in California visited here last week with Odean West and other friends. He and Miss West visited over the week end with his mother, Mrs. Elizabeth Kraft, in Denton.

## Annual HD Rally To Be Held Here Friday, July 14

The Annual Rally Day for Home Demonstration members and guests in Jones County will be held on July 14, at the Hamlin Oil Mill Guest House at 10:00 a.m.

This get-together will be the occasion for fun and friendly chit-chat and also a day of multiple education. A highlight of the day's activities will be a Cancer film. Mr. Carl Young Jr. will give a discussion and display of Texas Gulf Shells. Also the ladies will be responsible for craft displays.

According to the Junior Home Demonstration Agent, Miss Shirlee Smith, the program will be as follows:

10:00 - 10:30—Registering and Fellowship.  
10:30 - 11:00—Recreation.  
11:00 - 12:00—Craft Display.  
12:00 - 1:00—Noon (Sack Lunch).

# Low Rent Housing Loan Approved

Hamlin's bid for a "low-rent housing development" has been approved by the Public Housing Authority, according to word received here this past week by Mayor John V. Howard Jr. from Senator Ralph W. Yarborough and Congressman Omar Burleson.

In a telegram sent to the Mayor, Yarborough stated that, "Public Housing Commissioner Marie McGuire has notified me that the PHA will soon sign a financial aid contract with the City of Hamlin Housing Authority for construction of 20 new low rent homes to be built under provision of the Housing Act of 1959."

"As a co-sponsor of this Legislation, I'm pleased that forward looking Public Officials and other community leaders of Hamlin are taking necessary steps to participate in this partnership program of community betterment."

Estimated total development cost of the project will be \$267,022 with 90 percent of this to be loaned by the PHA to the Hamlin Authority.

Sites for the project have been picked out by the Authority and will be purchased as soon as the money is available, according to Wesley Nail, chairman of the local Authority.

The 20 units will be divided into three groups of houses: eight units for Anglo-Americans, 2 one bedroom, 2 two bedroom and 4 three bedroom; eight units for Negroes, 2 one bedroom, 2 two bedroom and 4 three bedroom; four units for Latin-Americans, 4 three bedroom.

Camp Fire, Blue Bird Day Camp Set for Next Week

Day Camp for the Camp Fire and Blue Bird girls will be held July 11, 12, 13 and 14 at the City Park.

Mrs. Jack Russell, camp director, has announced the hours as 8 a.m. to 12 noon for the Blue Birds but the Camp Fire girls will remain until 2 p.m. with "cook out" meals for lunch.

There will be supervised swimming, hand crafts and other activities for the girls to enjoy.

## LOCAL COACH TO TAKE PART IN GIRLS BASKETBALL CLINIC

On July 13 Texas high school girls basketball coaches will gather at Hardin-Simmons University in Abilene for lectures and demonstrations on girls basketball as a part of the Annual Summer Clinic of the Texas High School Girls Basketball Coaches Association.

Lectures and demonstrations will feature such coaches as R. C. Hyden (coach of the oft-

times State Champions from Buna High School; C. W. Dukes, coach of Class A State Champions from Sundown; Glen Morrison, coach of Class B State Champions from Midway-Henrietta, and Mrs. Lena Hughey, coach of the ever-classy teams from Roby High School.

Edd Farmer, Hamlin Girls basketball coach will also be on the program.

A high-light of the Coaching School will be a basketball game between All-Stars from the South and All-Stars from the North part of the State. This is to be at 8:00 p.m., Saturday, July 15, at the Rose Field House on the Hardin-Simmons Campus.

The price of admission is 50 cents and \$1.00. The gymnasium at Hardin-Simmons is being air-conditioned for the comfort of players and fans.

## PUBLIC OPINION POLL ON STATE TAXES

With Texas needing new taxes for improvements in public education, teacher salaries, aid to aged, and other essential programs, which of the following broad-based taxes would you favor?

- General retail sales on all purchases over 25 cents ☐ Yes ☐ No
- Limited sales or excise taxes which exclude food, medicine, rent, farm supplies and low cost clothing ☐ Yes ☐ No
- State income tax ☐ Yes ☐ No

Assuming that additional taxes are needed on one or more of the following, which would you favor?

- Gas pipeline companies ☐ Yes ☐ No
- Increased tax on oil production ☐ Yes ☐ No
- Increased tax on gas production ☐ Yes ☐ No
- Retail tax on beer, whiskey, and other alcoholic beverages ☐ Yes ☐ No
- Interstate corporations ☐ Yes ☐ No
- Soft drinks ☐ Yes ☐ No
- Corporate income tax ☐ Yes ☐ No

For many years Texas has had an "escheat law" providing that unclaimed and abandoned funds belong to the state when no owners or heirs exist. Do you believe enforcement procedures should be enacted by the Legislature so that such money can be returned to the lawful owners or heirs, or be turned over to the state if none exist? ☐ Yes ☐ No

From the editor's notes written by Bowen Pope — It is so easy for a citizen to sit back in his easy seat of no responsibility or burden and criticize his fellow citizen who happens to be filling a position of free service. The only way to shut out this character of grouch is to pile upon that one some of the burdens of the local community. . . Mrs. Paul Bryan and children are in Mineral Wells for a visit with relatives. . . Mrs. E. M. Wilson and little daughter, Elmo Joy, returned from a trip to Colorado. . . If it had not been for the Anson paper last week in giving out the marriage license, the marriage of Mr. Carl J. Childers to Lottie Montgomery on Saturday would have been a great surprise. These popular young people went to Abilene to be united in the holy bonds of wedlock by the Rev. W. H. Sims. Mr. and Mrs. Childers returned to Hamlin Monday and are now at home to their friends in their residence on Jackson Avenue. Both the contracting parties are well known in our city and country. Mrs. Childers has made her home in Hamlin for several years and numbers her friends by all who know her. Mr. Childers is a splendid young man, painstaking and attentive to business. He is in charge of the Motor Route B out of Hamlin.

## 25 Years Ago-

One of the greatest surprises of the year, so far, is the Hamlin country wheat yield. Not meaning to say that wheat is rare in this section but to say that weather conditions for a while this year pointed to a failure. But, as in the case often in this part of the state, just when it looks like failure, up comes plenty of rain and what a whopper crop. That very thing happened this year in our wheat fields. The harvest is about over and we estimate 100,000 bushels have been cut in the area. . . McCauley is planning a working toward the big days celebration in August. AUSTIN—State Capitol is having a relatively quiet period—somewhat like the "eye" of a hurricane.

Legislators are at home, and Gov. Price Daniel has gone to Hawaii for the National Governor's Conference. Officially, the "time out" ends July 10 when the special tax session begins.

But despite the lull, sharp gusts of differing opinion are still blowing. Before leaving, Daniel issued a parting blast at lobbyists in particular and critics of his anti-sales tax stand in general. He is thinking of asking for tighter lobby control measures, particularly in regard to reporting of

aircraft artillery and guided missiles at Fort Bliss. . . Jiggs Gold and Charles Gardner were delegates of Post 6014, Veterans of Foreign Wars, at the convention held in Dallas. . . Total rainfall for the month as of June 16 — 7.57 inches. Total for the year thus far is 13.15 inches. . . It was reported by the Chamber of Commerce that the clean up campaign was not as successful as had been hoped for.

A girl for Mr. and Mrs. Richard Kelly arrived June 22 at 6:16 a.m. Weighing seven pounds eight ounces, she has been named Lafonda Renia. . . Values of oil properties in the Hamlin Consolidated Independent School District have decreased by \$1,300,000. . . Although there is still much confusion in the minds of most farmers and ranchers of the Hamlin area about the workings of the soil bank plan, indications are that most of them will participate in the program, which becomes effective soon.

Foster Cook Jr., son of Mr. and Mrs. Foster Cook has recently been separated from the Army Signal Corps with the rank of First Lieutenant. . . A boy was born to Mr. and Mrs. Albert Ray West, June 23 at 8:35 p.m. He will answer to Nathan Ray. He weighed in at seven pounds five ounces. . . The following officers were installed in the Rotary Club: Manny Johnson, president; J. E. Patterson, vice president; John Howard Jr., secretary-treasurer; Weldon Johnson, Gene Prewitt, Curtis Dodd and Cecil Sellers, directors.

## NEW LAWS COMPLETED

—Before leaving for Hawaii, Gov. Daniel signed scores of bills into law, vetoed a few, and otherwise cleared the decks from the 57th regular session.

He signed the bill which will allow the University of Houston to become fully state-supported in the fall of 1963. This bill was the cause of a month-long filibuster in the Senate.

He let become law without his signature a measure known as the Carling Brewery bill, also highly controversial. It was sought by the Carling Brewery which plans to build a \$20,000,000 plant in Fort Worth. Under the bill, a brewery may continue to operate in an area even if it voted dry. By not signing it, the governor demonstrated his lack of enthusiasm.

Altogether the Legislature passed 549 bills in the regular session. Only 14 were vetoed by the governor.

## SCHOOL BUS PRICES

PROBED—Atty. Gen. Will Wilson has launched inquiry into the prices being paid by the state for school buses.

Wilson announced courts of inquiry to be held in Austin, Dallas, and perhaps later in San Antonio. He said investigation had been under way for six weeks and had revealed that Texas was paying from 10 to 25 per cent more for school buses than other states. He said there was no evidence of identical bids, but that he felt there was a strong possibility of "rigged bidding."

School buses are bought by the Board of Control with state school funds on the basis of sealed bids. Bus dealers could, if found guilty of conspiring together over prices, be subject to both civil and criminal anti-trust suits.

(Courts of inquiry are not trails, but proceedings for the taking of sworn testimony to see if there is evidence for filing suits.)

## INSURANCE HIKE FORECAST

—Higher auto insurance premiums are predicted by officials of the State Board of Insurance.

Board has the matter under advisement after a public hearing. New rates, if set, will go into effect Aug. 1.

Increases suggested by both industry spokesmen and the Board's actuarial staff are the same. They are 8.7 per cent for comprehensive private passenger coverage, 8.1 per cent for collision, 23.6 per cent for liability, and 16.1 per cent for medical coverage.

A Department study showed that premiums were down as a result of the new safe driving plan and that claim costs were up because of the costliness of replacements on today's automobiles.

## GAS TAX RULINGS ASKED

—Probability of a strong push for a gas tax in the coming special session was indicated by Gov. Daniel's request for opinions from Atty. Gen. Will Wilson on the constitutionality of two such proposals.

One is a proposal by Rep. Bob Eckhardt of Houston which would require the holders of contracts for dedicated gas reserves to guarantee the state a tax of at least one per cent on each 1,000 cubic feet of gas produced.

Another, by Rep. George Hinson of Mineola, is a rewrite of the severance beneficiary tax passed in 1959 and since held unconstitutional by the courts. Gov. Daniel has said that the 1959 bill would have stood up in court if it been enacted as he recommended.

## Governor Price Daniel, by

official memorandum, has designated the period from July 23-30 as Farm Safety Week in Texas. The same period had previously been set aside as National Farm Safety Week by President Kennedy. Plans for the observance, reports the Texas Farm and Ranch Safety Council, are about complete in most counties and all citizens are urged by the Council and the Governor to participate in the local programs.

# NEINDA PHILOSOPHER DECLINES TO USE A SHOVEL, SPECULATES ON DE-SALTED OCEAN WATER FOR FARMS

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One looks toward the future of farming this week, but his vision may be clouded.

Dear editor:

I was sitting under a tree some distance away from my house yesterday afternoon where it was quieter on account of I had just declined to shovel some dirt for my wife on the grounds that I read the newspapers and am fully aware of the dangers of a shovel, although I wish to say I don't rely on Washington to do my thinking and I declined to use a shovel years before Mr. Kennedy tried his hand at it, and pulled out a newspaper I had been saving for just such an emergency and read an article that interested me.

According to it, an experimental plant has been put into operation changing salt water out of the ocean to fresh, drinkable water, and several more plants are being built. Eventually, the article said, sea water can be de-salted so efficiently and cheaply that it will be available for city use, industrial use, and maybe even finally for agricultural use.

It was this last use that interests me. According to one speculative article on this, one day pipes carrying ocean water will be run all over the country and all a farmer will do when he needs a rain is

## Civil Defense Meet

## Called at Nugent

There will be a community meeting in the Nugent school house Friday night, July 7th, at 8:00 p.m. for Civil Defense and the Mouth to Mouth Method of Artificial Respiration, according to an announcement this week by County Agent, Kirby Clayton. There will also be a short talk on Snake Bite First Aid by Shirley Smith, Assistant Home Demonstration Agent in Jones County.

The program will be under the direction of county extension agents, Mary Newberry, Miss Smith and Clayton.

All interested people in the Nugent area are urged to attend this very important meeting.

turn on a hydrant and irrigate his crops. This, it said, will whip the weather problem and make farming one of the easiest jobs on earth.

I am afraid the fellow who thought that up is a little over-enthusiastic.

In the first place, farming is farming, which is to say work, whether you get your moisture out of a pipe or out of the clouds.

In the second place, if somebody runs a pipe with de-salted sea water out to my Johnson grass farm, I have a notion that just on the far side of the hydrant he'll install a

meter, and before he turns the water on, he'll come up to my house and want a substantial deposit. Then when water flows over my farm, the meter will start clicking and it won't be a free gift from the cloudier but another bill to face. I'm not saying it shouldn't be this way, all I'm saying is that it won't make farming the easiest job on earth. The only way to make farming easy is to farm like I do, but I don't recommend the method if the world wants to keep eating.

Yours faithfully,  
J. A.

# FAIRVIEW NEWS--

By MRS. ELMER JOINER

Farmers out this way are beginning to see some prospects for a crop this fall. All that is needed is a late, late, frost to mature the cotton that is being planted after the regular season to plant cotton. But there is always an if in farming, so all we can do is wait and hope.

So far no rain has fallen in eight days, but it came very close Sunday and this Monday morning looks very favorable for rain, which we hope we don't get.

Attendance was fairly good at church Sunday morning, three visitors being present. Mrs. Alma Holmes was with us again and Mr. and Mrs. Doyal Bills of Houston.

Mrs. Bills is the former Joyce Gray, and this is the first time they have been home since their December wedding.

Mrs. E. A. Henry visited with her friends Mrs. O. L. Jenkins and Mrs. J. F. Vaughn Saturday morning. Mrs. Jenkins and Mrs. Vaughn have both recently lost their husbands and are residing in Hamlin.

Mr. and Mrs. H. L. Ford and children were in Dallas Sunday attending a reunion of her family, the Fuquas.

Mr. and Mrs. J. D. King of Midland visited with her sister Mrs. Ruth Rosenbaum, Saturday morning long enough for them to pick two bushels of green beans, which they took home to can.

Mr. and Mrs. Red Fowler of Abilene ate lunch with the Winsons Grays Sunday, they came to visit with Mr. and Mrs. Bills, as Mrs. Fowler and Mrs. Bills were close friends prior to their marriage.

Other visitors in the Gray home Sunday afternoon were Mr. and Mrs. Hilmer Carter, of the Hanna community.

Mrs. Jack Wright is reported to be making excellent progress after her recent surgery. Visiting her and her parents last week were: Mr. and Mrs. Don Wittle and boys ren of Jal, New Mexico, Mr. and Mrs. Don Wittle and boys of Wink, Mrs. H. M. Harrison of Abilene, Mr. and Mrs. Larry Holmes of Anson and Mr. and Mrs. Billy Holmes and Kay of Noodle.

Rev. and Mrs. Doyle Combs and children, Mr. and Mrs. Woodrow Goodwin and Linda, ate lunch with Mr. and Mrs. Elmer Joiner Sunday.

The pastor and Mr. Goodwin visited with Mrs. Vaughn Sunday afternoon.

Mr. and Mrs. Mel Jones went to the Stamford Hospital Sunday afternoon to visit with his brother, N. W. Jones, who is seriously ill in the hospital.

Sunday night the Jones visited with Mr. and Mrs. Thompson Young of the Boyds Chapel community.

The Revival at our church is only two weeks off, being scheduled for July 16th, and the ordination service will be held next Sunday afternoon at three o'clock at the church, to ordain a deacon.

With all of the farmers being so very, very busy the past week and their wives trying to be all of the help they could to them, there was very little visiting to make any news. If it doesn't rain about the 4th will be eating a "picnic" lunch in the shade of their tractor or a mesquite bush, trying to save a little time, to get a few more rows plowed.

## LOCAL BUSINESS

S. S. Talbert, Ph. D.  
Chairman, Dept. of Journalism  
University of Mississippi

One of the most experienced retailers in the world, Walgreen's, is celebrating its 60th anniversary this year. Drug stores of the company serve more than a million customers daily.

Managers of the great retail enterprise quickly give credit to newspaper advertising as a major factor in the success of Walgreen's stores. "Newspaper advertising has always been the mainstay of Walgreen's growth," one official said when noting the anniversary of the company.

Just what did he mean by mainstay? Individual stores in the retail chain put up to 90 per cent of their advertising funds into newspaper advertising.

As more of the stores become self-service, advertising budgets are increasing and pre-selling through the newspaper becomes a more important phase of the stores' merchandising program.

Every ten days, the company opens up a new self-service store, with the newspaper bearing a major share of the job of introducing new buying methods and new products to local communities.

It is difficult to argue with success. Yet Walgreen's advertising methods are simple and easy for any retailer to emulate.

The advertising of the company is based on the idea that people will come to a store to buy if they know what is available at the store and under what conditions the purchase can be made.

Walgreen's advertising is continuous, it gives complete information about a large number of products, it makes use of the local newspaper as a basic medium.

This is a reliable formula for any retail advertising. It worked 60 years ago. Apparently, it is working even better today.

# OLD GLORY NEWS--

By HELEN DIERS

The Stonewall County 4-H  
Camp planners and executives  
met on June 27 at 1:30 p.m.  
Present from Old Glory were  
Charles and Helen Diers,  
Sharon Leverett, Donna Pierce,  
Linda Gholson, Billie Vahlen-  
kamp and Nancy Vahlenkamp.  
Mrs. V. R. Leverett and E. H.  
Diers attended also. The pur-  
pose was to plan the county  
camp on August 1 and 2. Camp  
activities this year include:  
horseshoes, washers, volley-  
ball, swimming and sack rac-  
ing. Non-competitive activities  
are games and square danc-  
ing.

Chairman of recreation is  
Sharon Leverett. Donna Pierce  
and other Aspermont girls  
will also be in charge of re-  
creation. Billie Vahlenkamp  
and Linda Gholson will plan  
the vesper service. Charles  
Diers and Nancy Vahlenkamp  
will be in charge of registra-  
tion, along with other Asper-  
mont 4-Hers. Helen Diers will  
be camp picture taker.

A meeting of the float com-  
mittee of the Old Glory Girl's  
4-H Club was held on June 27  
at 4:00 p.m. in front of the  
V. R. Leverett home. Present  
were Florence Erdman, Sharon  
Leverett, Helen Diers,  
Nancy Vahlenkamp, Billie Vah-  
lenkamp, Linda Gholson, Don-  
na Pierce, Judy White, Kathy  
Erdman, Mrs. Herbert Vahlen-  
kamp, Mrs. Bill Vahlenkamp,  
Mrs. Carlton Pierce and Mrs.  
V. R. Leverett. The float was  
planned and girls were as-  
signed to a certain phase of  
the work. The girls who work-  
ed all day Wednesday, June  
28, were Donna Pierce, Judy  
White, Sharon Leverett, Step-  
hanee and Reva Letz, Carolyn  
and Judy Sanders. Helen Diers  
worked part of the day. On  
June 29 about fifteen girls  
made flowers, 4-H emblems  
and worked on the float. Be-  
sides those mentioned above  
were Florence and Kathy Erd-  
man, Billie and Nancy Vah-  
lenkamp, Beverly Garner, Lin-  
da Newman, Linda Gholson,  
Rita Baldree and Rebecca and  
Cynthia Letz. On Saturday  
morning these girls went to  
Stamford and finished the  
float.

The float won second place  
in the Stamford parade. Fea-  
turing "A Better World With  
4-H," the float had a huge  
globe set on a green box with  
green flowers. Green grass was  
spread over the entire trailer  
and off the sides at an angle.  
White flowers decorated the  
edge of the trailer and edge  
of the grass. White stream-  
ers graced the bottom of the  
entire float. White 4-leaf clov-  
ers edged with green glitter  
had the words, Head, Heart,  
Hands and Health in glitter.  
The seven girls on the float  
in white evening dresses were  
Merrilyn Flow, Carolyn San-  
ders, Sharon Leverett, Flo-  
rence Erdman, Linda Gholson,  
Billie Vahlenkamp, and Judy  
Sanders. On top of the pick-  
up cab was a white sign with  
the words, "Old Glory Girl's  
4-H Club," in green. Green  
streamers decorated the  
white pickup, which was driv-  
en by E. H. Diers. Judy White,  
Donna Pierce, Nancy Vahlen-  
kamp and Helen Diers stood  
up in the back of the pickup,  
wearing 4-H dresses. Others  
who rode were Cynthia and  
Rebecca Letz, Kathy Erdman,  
Beverly Garner, and Linda  
Newman. A cash award of \$25  
goes with second place.

# DOUBLE RING CEREMONY UNITES JUDY CARLTON, DON HAYNES

By Mrs. Clyde Pritchard

The Rev. Johnny Roden of  
Denton, assisted by the Rev.  
Benny Joe Walker, read the  
double ring wedding ceremony  
of Judy Gayle Carlton and  
Don Roger Haynes at 8:00  
o'clock in the evening at the  
Tuxedo Baptist Church. Rev.  
Roden, uncle of the bride,  
also read the ceremony for  
the bride's parents at the  
Tuxedo Baptist Church 21  
years ago.

Miss Carlton is the daughter  
of Mr. and Mrs. Joe M. Carl-  
ton and the bridegroom is the  
son of Mr. and Mrs. Hollis  
Haynes of Stamford.

The bride given in marriage  
by her father, wore a dress  
of silk organza over taffeta  
fashioned with a bateau neck  
line, long pointed over the

hand sleeves and full skirt.  
Her veil fell to shoulder leng-  
th from a small crown. Her  
bouquet was a white orchid  
surrounded by feathered car-  
nations, on a white bible. She  
wore a locket belonging to her  
grandmother that her mother  
wore in her wedding.

Sarah Lou Carlton, sister  
of the bride, was maid of hon-  
or. She wore a dress of lilac  
colored brocade taffeta. Her  
head dress was made of lilac  
net and bridal wreath flowers  
and she carried a nosegay of  
white carnations.

Nickey Jackson was best  
man. Kate Carlton, sister of  
the bride, was candle lighter  
and was dressed identical to

## STATE HEALTH DEPARTMENT INSPECTS OVER 690 HOSPITALS

Since the beginning of the licensing program 17 months ago, over 690 Texas Hospitals have been inspected under the Texas Hospital Licensing Law, either by state or local health department officials.

Local fire marshalls have also inspected the same hospitals, making certain that they complied with fire-safety rules required under the law.

The program is administered by the State Health Department's Hospital Licensing Division, established January 1, 1960.

A big map on the Division wall describes the extent of the far-reaching program. More than half of Texas hospitals have been surveyed more than once and all have been closely inspected at least once.

Inspection subjects range from the kind of ice used, to the all-important operating equipment. Especially important in all items inspected is the quality of housekeeping—a critical item of the prevention

of disease spread within a modern hospital.

Second-time surveys are made to determine the extent of corrective recommendations followed after the initial inspection. Generally hospitals cooperate fully in carrying out suggestions, most of which deal with housekeeping problems.

In keeping with the State Health Department's policy of as much local control as possible, local health departments maintain inspections of hospitals within their jurisdiction, assisted by the State agency only if needed.

About half of all Texas hospitals lie within areas served by local health departments greatly reducing the workload required by the Texas State Department of Health.

Fire-safety inspections are made by local fire marshalls, who follow a special check list complying with State fire laws. Occasionally, special training is given for inspection of operating room fire hazards.

The Texas Hospital Licensing Law is designed to provide patient safety. It is patterned after standards of the Joint Commission on Accreditation of Hospitals. However, requirements are stricter providing for maximum patient safety and care. (A weekly feature from Public State Department of Health.)

## ROOT ROT TO INCREASE; HINTS GIVEN TO COMBAT IT BY AGENT

Rains that occurred during June will bring on a considerable amount of cotton root rot. If more rains occur during July and August, the amount of root rot will be greatly increased. This prediction comes from Harlan Smith, extension plant pathologist. He bases it on the amount of disease carry-over in the soil from last year. The disease occurs in all areas of the state except the Panhandle, High Plains and sandy soils of East Texas.

It is known that the disease fungus lives in the soil for many years in the form of seed bodies or sclerotia. A minimum of 25 to 30 of these sclerotia per cubic foot of soil is necessary to cause disease. Due to the large amount of root rot the past four years,

a high count of sclerotia is present continues Smith.

When cotton roots grow close to the sclerotia in moist soil, the seed bodies of the fungus germinate and attack the cotton root. Within a few days large patches of dead cotton appear. The disease is nearly always more damaging on late than on early cotton.

Smith advises growers to start planning preventive measures immediately for the 1962 cotton crop. Deep plowing, 6 to 18 inches, with a mold board or disc type plow is recommended. In a few areas, because of the type of subsoil, this will not be possible. However, deep plowing to as great a depth as possible will be helpful in reducing root rot the following year, he says. In order to effectively reduce root

rot, it is necessary to have 10 to 14 days of hot, dry weather following the deep plowing.

Local county agents can supply copies of the publication MP-361 "Root Rot Losses of Cotton can be Reduced."

### H-SU to Host Area Pastor's Workshop

ABILENE—Texas Baptist pastors from a wide area of West Texas will converge on Hardin-Simmons University here July 7 for a pastor's workshop.

The meeting is one of 11 of its type slated across the state in 1961, said Dallas Lee, secretary of the language missions department for the Baptist General Convention of Texas.

Cal Young, WTU President, (left) receives the Company's award from Curly Hays, Rural Service Director of the Company. The award was presented to WTU for Texas 4-H Clubs by Eugene B. Darby of Pharr, Chairman of the Board of Directors of Texas A & M College. This is the first time this award has been presented and was given to WTU for its assistance and outstanding service to 4-H clubs in the service area during the past few years.

## Tips for OUTDOORSMEN

### Shot Size is Important

When hunting turkeys on the wing use No. 2 shot in a modified barrel — 12 gauge, or 20. The gauge makes little difference.

If ground shooting, best results are obtained with No. 6 or 8 shot, aiming for the head only.

Rifle hunters should use a Hornet, or .22 long rifle loads.

Shoot for the head, if you are confident, and save good meat.

### Carry Chlorine Tablets

Boil all water of which you are not absolutely sure. Five minutes boiling is sufficient for safety.

To save time, and should boiling not be practiced, treat water with chlorine. Used as directed it makes water safe for drinking. Carry a bottle of chlorine tablets with you.

### To Cut Glare From Sights

Smoke the front and rear sights of your rifle to overcome glare that could spoil your aim at a crucial moment. Pass sight several times through the flame of a burning match.

### Tunes for Coons

Coon hunters can bring a coon out into the open when it is hiding in a leafy tree by blowing several quick, short notes on a silent dog whistle, toy flute, harmonica, or tuning fork.

### Lighter Guns for Older Men

As a man gets older he should shoot lighter guns. It will greatly improve his shooting.

Slowing reflexes respond better when the gun is lighter. So, if you have reached the 50-60-70 year bracket, and find that your shooting is getting progressively worse, lay down that 12 gauge, and pick up a 20.

Mr. and Mrs. M. B. Miles of Aspermont are the parents of a new boy, Gary Ray. He was born July 2 and weighed 7 pounds and 5 ounces.

A girl, Linda Sue, was born to Mr. and Mrs. C. L. White, July 2. She weighed 6 pounds and 2 ounces.

Mr. and Mrs. E. N. Jenkins and Mrs. O. L. Jenkins visited in Fort Worth over the week end. They also attended the

50th wedding anniversary celebration of Mrs. Jenkin's brother-in-law, Jack Jenkins, in Streetman.

## COLUMN-

(Continued from page one) and going to church with one shoe and one sock. I could continue on but I don't want to waste the time or space. Anyway, I am sure that everyone will have to admit that the highlight of an evening visit with Mr. J. A. would be watching him try to take a bath in one half of a No. 2 bath-tub.

J. S.

Tim Jones, Hamlin band director, was among 21 students at Hardin-Simmons University to receive honorable mention for grade averages above 3.58 during the spring semester. Those students were not listed on the university's honor role because they were registered for less than 12 semester hours of work.

Mrs. Faye Wolf of Odessa, formerly Faye Neill of Hamlin, received her Licensed Vocational Nursing diploma at graduation ceremonies held in the Odessa College Auditorium, Friday.

## Visits Son

Mrs. G. W. Drummond has returned from a visit to Sacramento, Calif., where she visited her son, Lt. and Mrs. Jack Drummond and Dedra.

Lt. Drummond is stationed at Mather AFB where he is pilot of the T-29. He is a 1955 graduate of Hamlin High and attended John Tarleton College and Texas A&M. He received his commission from Texas Tech and was stationed in Florida. Later transferred to Larado AFB, receiving his wings in June of this year.

Points of interest visited were Grand Canyon, Sonner Pass, Disneyland, Knotts Berry Farm, Marineland and CBS Television City.

Mrs. Drummond also visited in Los Angeles enroute home with Mrs. Aviece Address, formerly Fanny Ruth Gillis of Hamlin.

A well known Texas livestock producer, Kleber Trigg Jr., Bastrop, is one of 17 livestock producers from over the nation invited to meet with U. S. Department of Agriculture officials on July 27 and 29 in Washington, D. C. to discuss problems and policies connected with the administration of the Packers and Stockyards Act.

## ANOTHER BIG REASON BEHIND THE BIG BOOM IN FORD SALES:

No other wagon can match Ford's features (or popularity!)

Ford wagons have features that only America's station wagon specialists can bring you.

There's more room. Ford's extended load deck is the longest and widest in its field.

There's more convenience. You can have a power-operated roll-down rear window in any Ford wagon.

There's more distinction. The Country Squire is the only wagon in its field with body panels that look like mahogany, wear like steel.

There are more savings. Ford's Ranch Wagon is America's lowest-priced,\* full-size wagon. And like all Fords, every Ford wagon is built to be more service-free: goes 30,000 miles between chassis lubrications, 4,000 miles between oil changes.

Stop waiting for that wagon you've always wanted. Swap for a '61 Ford wagon now! Save for a '61 Ford, the wagon America loves most!
